

CASE STUDY RCHT – EMERGENCY DEPARTMENT

Sector: Health

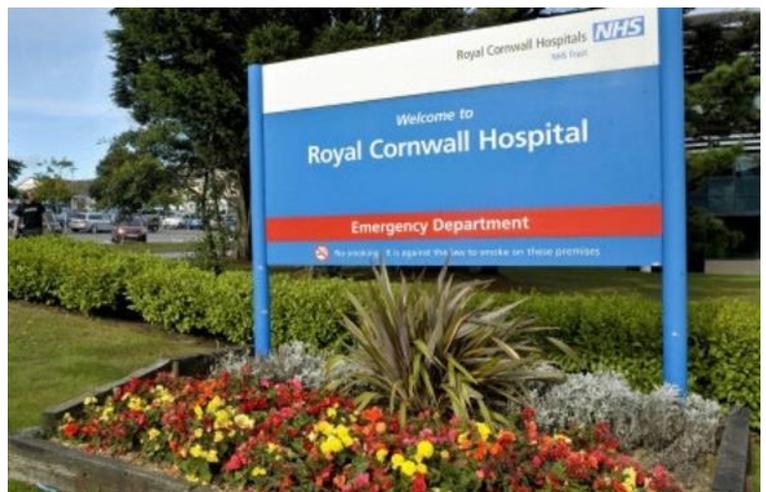

Client: Royal Cornwall Hospital Trust

Contract Value: £400K

A complete refurbishment of the Royal Cornwall Hospital Emergency Department has been undertaken to bring the department up to the current NHS required standards.

New services as listed above were installed using the latest technologies to give the operational staff the highest level of facilities available.

The new department has an aesthetically pleasing appearance which is designed to give the general public a feeling of well-being and confidence that they are to receive the highest level and up-to-date care available.

Services Provided:
