

Sector: Commercial/Historical
Client: Cornwall Council
Scope of Works: Design, Mechanical & Electrical Installation
Contract Value: £2.2m

What an incredible transformation! After the derelict Redruth Brewery buildings suffered damage as a result of two fires, this one really has 'risen from the ashes'. Working with Midas as Main Contractor, Totus are incredibly proud of what we have all achieved on this difficult and challenging build to create the beautiful and quite stunning Kresen Kernow archive and local studies centre for Cornwall.
